Continuation of 2. NOTE: The proposed amendment to claims 1 and 17 would require further consideration. The amendment does not clearly distinguish over the prior art of record as applied in the Office action mailed September 18, 2003. Furthermore, from Applicant's remarks filed November 21, 2003 it appears that Applicant is using the word "dimension" interchangeably with "wavelength". However, both words have separate and distinct definitions in the art and to use the words interchangeably creates confusion. Examiner suggests incorporating claim language that uses terminology that is consistent with the art accepted meanings.

Continuation of 5. does NOT place the application in condition for allowance because: The amendment does not clearly distinguish over the prior art of record as applied in the Office action mailed September 18, 2003..
